2. What is ELPAC?

The English Language Proficiency Assessments for California (ELPAC) is the mandated state test for determining English language proficiency. It is administered as an initial assessment to newly enrolled students whose primary language is not English, as indicated on a home language survey; and annually as a summative assessment to students who have been previously identified as EL students. We are currently in the Summative ELPAC window which opened February 1 and ends May 31. Results from

this assessment will be received at the beginning of the 2022-23 school year. The ELPAC can be given virtually to learners.

3. SPSA

Allison presented a PowerPoint on the School Plan for Student Achievement (SPSA) which is a comprehensive document providing details about the school's planned actions and expenditures to support student outcomes and overall performance, and how these actions connect to the Local Control Accountability Plan (LCAP). Allison explained Title I, II, and IV funds and ideas for how they will be used to ensure learners are receiving a high-quality education. ELAC members were encouraged to ask questions and give input regarding iLEAD Hybrid's SPSA. Some expenditures will be targeted for reading intervention, math intervention, and hiring qualified staff to provide services. Julia summarized the presentation for parents.
